DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of the invention of group A, claims 7 and 54-60 in Paper No. 8 are acknowledged.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 7 and 54-60 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 7 is indefinite because the scope of the term "adding dummy fillings within a top conductive layer of the plurality of conductive layer so as to minimize defects" is not clear. Also it is noted that the specification fails to define this term.

Claim 54 is indefinite because the scope of the term "forming a plurality of dummy fillings that are positioned and sized to minimize..." is not clear. Also it is noted that the specification fails to define "the position and size of the dummy filling".
